Agreed. It needs to be updated. I will do it before the end of the day.

Hi [redacted]— Can you provide the eco paragraphs for P-18-0007/0008? Although, as you noted, there was an ecotox memo drafted fairly recently, I'm not sure that the language in the memo is entirely consistent with the language that [redacted] wants us to use in the not likely determinations, and I don't want to risk messing it up myself, as you would do a better job than me.

Many thanks.

At the briefing with [redacted] on P-18-0007 & -0008 this morning, [redacted] raised some questions about the health assessment, which will require follow-up, so it's not quite time to draft the narrative after all.

Best,

Since [redacted] updated P-18-0007 & -0008 a week or two ago with his review, the eco should be good to go.

Hi PMs,

We received this request from [REDACTED] yesterday that these are top priority cases needing hazard and risk narratives. Please look over the attached spreadsheet and confirm if health or eco or both narratives are needed from RAD, and if possible, when you need these by so we can proceed through the list as efficiently as possible. Please use the highlighted column. Thanks for your prompt attention!
